As the European Integration Group, the "Peace Research" we prepared within the scope of our Peace at Home, Peace in the World project, of which we are the coordinator organization, is now online on our website! 🌐🌱

Our research serves as evidence of the steadfast belief that youth, when equipped with accurate information and tools, can serve as beacons of peace and understanding. In these challenging times where global refugee crises and conflicts shake the world agenda, our study focuses on national policies and societal approaches in Türkiye, Lebanon, Jordan, and Lithuania. 🌐🌱

National Policy Research

Check the anomalies and biases of the countries who challenges most about refugee crisis Lebanon, Türkiye and Jordan, as well Lithuania with lowest refugee share. Host and refugee side of view! We should stop hate, before it is too late.

Avrupa Entegrasyon Derneği olarak modern Türk tarihimizin yazıldığı Anadolu'da, yüz yıllık cumhuriyetimizin en anlamlı gününe yaklaşırken coğrafyamızda yaşanan son gelişmelerle beraber Orta Doğu'nun sonu gelmez çatışmalarından birinin tekrarına trajik bir şekilde tanık olmaktadır.

Türkiye Cumhuriyeti Devleti'nin 100. Yılı kutlamalarına buruk ve düşünceli girmemize sebep olan fakat bir taraftan da cumhuriyetimizin değerlerine sahip çıkmamızın önemini hatırlatan Filistin-İsrail çatışması, Türk gençlerinin önümüzdeki yüzyılda da yeni dünyaya şekil veren, dünyaya barışın yolunu gösteren ve barış için liderliği üstlenmesi için sorumluluğu elinde tutan kişiler olduklarını göstermektedir.

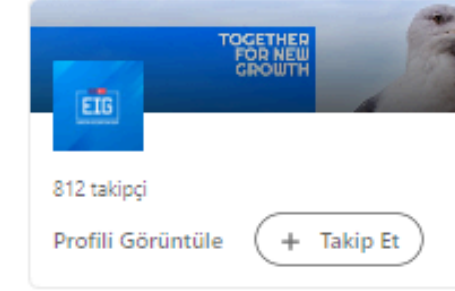

Yürütmekte olduğumuz projelerle Anadolu, Orta Doğu ve Avrupa başta olmak üzere küresel barış ve iyimser bir gelecek düşüncesini hedeflemekteyiz. Uygulamakta olduğumuz projelerdeki Avrupalı, Lübnanlı, Ürdünlü, Filistinli ve Mısırlı paydaşlarımızla temaslarımızı sürdürmekte ve bölgesel çözümlerin yöntemlerini cumhuriyetimizin ikinci yüzyılı için hazırlamaktayız.

Bu bağlamda 24 Şubat 2022'den beri devam eden Ukrayna-Rusya Savaşı ile 7 Ekim 2023'te yeniden canlanan Filistin-İsrail çatışmalarında yaşanan sivil can kayıplarını kınıyor. Birleşmiş Milletler nezdinde İki Devletli Çözüm vizyonunun küresel sükûnet adına taraflarca gecikmeksizin uygulanması hususunda çağrımızı yapıyoruz.

As a part of the Peace at Home, Peace in the World Programme, Generations For Peace attended a training in Beirut, Lebanon hosted by the Development for People and Nature Association (DPNA).

We learned all about peacebuilding tools for nonviolent communication and how to effectively engage with people affected by conflict. We look forward to hosting the teams from Turkey, Lebanon, and Lithuania in Jordan in the coming months to continue the meaningful exchange.

Nurturing Stability: The Vital Role of Peacebuilding

In a world marked by challenges, the pursuit of peace is a beacon of hope. Lebanon, Lithuania, Turkey, and Jordan share diverse histories but a common aspiration for stability and development. Their unique contexts underscore the need for sustainable peacebuilding efforts.

These nations exemplify how peacebuilding transcends ceasefires, involving inclusive governance, cultural exchange, economic opportunities, and education for peace. By embracing these strategies, they pave the way for prosperous, inclusive, and harmonious societies.

As the coordinator of the "Peace at Home, Peace in the World" project, I'm proud to contribute to these essential efforts.
